

## Eastchester Little League is excited to announce the... 2018 Spring Challenger Division

### What is the Little League Challenger Program?

The Little League Challenger Program is Little League's adaptive baseball and softball program for boys and girls dealing with physical and intellectual challenges.

### Who can participate in the Little League Challenger Program?

Any individual with a physical or intellectual challenge may participate. If an individual can participate in the traditional Little League Baseball or Softball program with reasonable accommodations they should do so. The Eastchester Little League Challenger Division accommodates boys and girls ages 4-12 who reside and/or attend school within the Town of Eastchester, or Villages of Tuckahoe or Bronxville.

Little League International encourages the use of "buddies" for the Challenger players. The buddies assist the Challenger players on the field, but whenever possible, encourage the players to bat and make plays by themselves. The buddy is always nearby to help the child when needed. We prefer buddies being another child who also plays little league, however, a buddy can be any parent, guardian, sibling, etc. Note: Anyone over the age of 18 who is engaged with a child on the field, must also be registered as a volunteer and complete our background check questionnaire.

### Games & Schedule

These games will take place on **Saturday mornings from late April 2018 through late June 2018** (similar to our T-ball program). All registered children will receive a full uniform.
